LOCAL PUBLIC NOTICE

The Federal Communications Commission has designated the applications of Community Education Association and Cornerstone Community Radio, Inc., for construction permits for new noncommercial educational FM broadcast stations on FM Channel No. 212A, at Holly Hill and Flagler Beach, Florida, respectively for comparative hearing. In Washington, D.C., beginning at 10 AM December 15, 1994. The issues set for hearing are:

1. To determine whether CEA is a qualified educational organization proposing an acceptable educational format in compliance with 47 C.F.R. §73.608(a) of the Commission's Rules.
2. To determine whether there is a reasonable possibility that the tower height and location proposed by CEA in this proceeding would constitute a hazard to air navigation.
3. To determine: (a) the number of other reserved channel noncommercial educational FM services available in the proposed service area of each applicant, and the area and population served thereby; (b) whether a share-time arrangement between the applicants would result in the most effective use of the channel, and thus better serve the public interest and, if so, the terms and conditions thereof; and (c) in light of 47 U.S.C. §307(b), which of the proposals would better provide a fair, efficient and equitable distribution of radio service.
4. To determine, in the event it is concluded that a choice between the applications should not be based solely on considerations relating to 47

U.S.C. §307(b) the extent to which each of the proposed operations will be integrated into the overall cultural and educational objectives of the respective applicants; and whether other factors in the record demonstrate that one applicant will provide a superior FM educational broadcast service.

5. To determine, in light of the evidence adduced pursuant to the foregoing issues, which of the applications should be granted, if any.

The Cornerstone Community Radio, Inc., application, amendments thereto, and related material are available for public inspection at 305 South 7th Street, Flagler Beach, FL, during normal business hours.
